

Starter Series iPad Portable Prompter (SSPiPadP)

\$999

Key Features

A complete hardware package enabling you to create an on-camera teleprompter using an iPad or other tablet PC (iPad not included and tablet PC must be specified by QTV.)

- iPad slots into a custom-made mounting plate to hold it securely in position beneath the glass. This mount can be fitted in landscape or portrait mode.
- Fully flexible small wide angle hood, glass and Gold Plate mounting from our Master and Professional range for ultimate configuration.
- Designed to be used with any teleprompting App available for download from the App Store.
Please note that this software is not designed or licensed by QTV.

Included in the package

- Mounting plate for iPad or other tablet PCs (please specify which mount you require)
- Adjustable small wide angle hood and bracket set, ideal for DV and ENG cameras
- Gold Plate mount with sliding camera and tripod mount for full flexibility
- Broadcast quality prompter glass (70:30), designed to product the clearest reflected image and the optimal light to the camera
- Detailed assembly guide
- Full warranties - 3 years for hardware
